

ANNUAL NOT-FOR-PROFIT FINANCE & TAX UPDATE SEMINAR

Keller & Owens, LLC has provided an annual update seminar for not-for-profit organizations each spring for nearly two decades. Keller & Owens subject matter experts have joined with national authorities to provide clients and friends with the latest, most relevant topics to help their organizations successfully accomplish their missions.

We had planned the next seminar for mid-May with a national authority as headliner. Unfortunately, the coronavirus pandemic has caused us the delay the 2020 Update Seminar until it is safe for all parties. It is our hope that we can soon announce a date in the fall for the seminar. Watch our website and your e-mail for the announcement.

In-the-meantime, your KO+ account representative is available to answer your questions and to provide the services you need. We wish you the best during these challenging times.
